

DOOR

SYSTEMS, INC.

“The *TOTAL DOOR* People”

Door Systems, Inc is the Middle East representative of the integrated door system known as Total Door. The Total Door system has been successfully proven for over thirty five years, appearing in some of the finest structures in the world and in many of the most diverse applications imaginable. By utilizing Total Door for your next new or renovation project, you will be acquiring the best, complete, single source solution for your door opening requirements.

Total Door has perfected the hold open fire door. The made to order Total Door hold open system never detracts from your design concept. Custom finished to match your vision, Total Door Systems hold open doors practically vanish into your interior while satisfying all applicable codes.

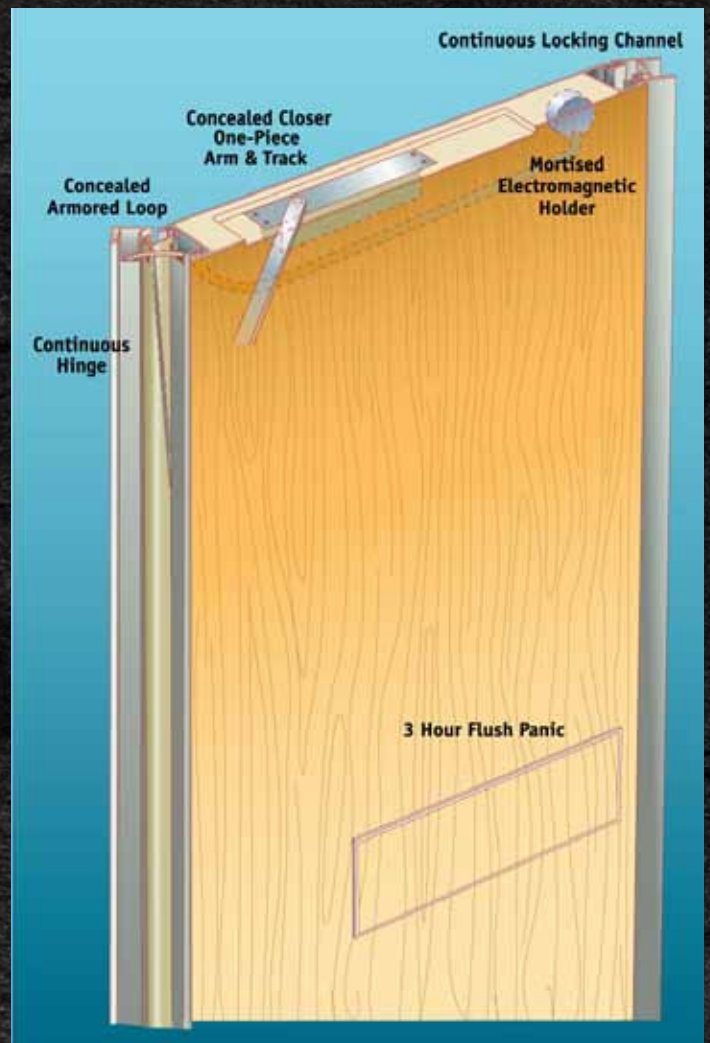

Door Systems, Inc is a full service door company dedicated to providing innovative solutions to your door needs as well as assisting in concept design and layout of all future door projects.

I invite you to review the full array of products and services we have to offer and look forward to assisting you with any questions you might have regarding your future door needs.

Sincerely,

A handwritten signature in cursive script that reads "Jeff Bonnema".

Jeff Bonnema, President

“The **TOTAL DOOR** People”

CROSS CORRIDOR FIRE DOORS

MAXIMIZE CORRIDOR WIDTHS, MINIMUM SIDE ROOM REQUIREMENTS.

PF200 FLUSH PANIC

FIRE EXIT DEVICE OFFERS THE SMALLEST PROJECTION IN THE INDUSTRY

.3175cm projection in hold open position

1.5875cm in latched close position

ELEVATOR LOBBY DOORS

As with all Total Door systems we use a full height, semi concealed hinge and a full height locking channel and flush hardware to create an architecturally pleasing installation that eliminates unsightly hardware.

“The **TOTAL DOOR** People”
