

FIXED / STATIC DRAFT CURTAINS

UL 10D Draft Smoke Curtain

DSI static draft curtains are an effective product designed to protect against smoke in commercial and industrial structures. Secured to structural steel, Draft curtains ensure that the smoke and hot gases arising from fire remain buoyant within the smoke zone, consistent with smoke management strategies. Used in both sprinklered and non-sprinklered buildings for smoke management.

ADVANTAGES:

- Lightweight and reduces load bearing
- Custom sizes and configurations
- Unlimited widths
- Low maintenance

Compliant with...

Code	Description
UL 10D	Fire Protective Smoke Curtains – 60 minutes
UL 723	Surface burning characteristics of building materials
ASTM E84	Surface burning characteristics of building materials
IBC	Requirements for high hazard, fire-resistance-rated construction
